

Company Profile

Company Introduction:

Speciality Urethanes Pvt.Ltd. was established in year 1990 with a focus on Indian Polyurethane Industry and Cast Polyurethane Products as its core product profile.

Since its inception Speciality has set up a benchmark in Indian Polyurethane Industry in Terms of Quality and Solutions. With the help of our core expertise in Polyurethane Chemistry and creating appropriate solutions to serve the purpose of our customer's application we are today successful with more than 1000 satisfied customers at hand.

Later on We have divided our company's activity into two verticals for the purpose of better customer focus.

- Wheels & Castors for Material Handling Applications: Products sold under Brand name 'Supra wheels & Castors' in association with world renowned German Castors manufacturers 'Blickle Rader Rollen GmbH'
- Conventional Polyurethane Business: Products Sold under Brand name 'Suprathane'

Quality Principles:

Our products are renowned for its quality and long service life. It is possible only because of adherence to the strict quality norms and latest testing and process technologies.

Our company is ISO 9001:2008 certified and also practices LEAN manufacturing principles in order to get better throughput. We are recognised by 'National Productivity Council' for completing a successful LEAN cluster.

Quality Objectives:

- Comply with internationally recognised quality certification standards
- Achieve minimum rework and defects through stringent process monitoring
- Product and Process designing and optimisation in order to avoid possibilities for errors
- Problem solving and Kaizens

Our products are:

- ROHS (Restriction of Hazardous substance) certified
- CA 65 Certified

Product Profile:

Wheels for material handling applications such as

- Stackers, Pallet Trucks and Reach trucks
- Overhead Conveyors
- Chain Conveyors
- Guide Wheels
- Rail applications
- Electroplating Lines
- Drive Applications
- Automated Parking Systems
- Automated Guided Vehicles
- Robotic Applications

'Blickle' Castors and Wheels for:

- Transport trolleys
- Dollies
- Tow trucks & Trolleys
- Pharmaceutical Equipment's
- Medical Equipment's
- Instrument Trolleys
- Tire Industry Applications
- & Many more

Standard Range covers 30,000 + products

Suprathane Products:

- Customised Items
- Rolls and Roll coverings
- Abrasion Resistant Linings
- Couplings
- Bushes, Rods, Tubes
- Mallets
- Impact Buffers
- & Many More

Infrastructure:

We have very versatile infrastructure to cater all kinds of jobs starting from 40 mm in Diameter to 2200 mm in Diameter and weighing from 50 Gm to 500 Kg. Our Totally mechanised and semi atomised production facility includes Automatic Dispensing Units, Large curing Ovens, Conveyor Ovens, Surface Preparation units such as Shot Blasting, Surface Finishing machines, Material Handling Facility & Product Testing facility all under one roof.

Speciality Advantage:

With Speciality Urethanes you can rely on our Dependable solutions with Vast Variety of product range in our basket in order to cater your every Material handling and Polyurethane product need. The main advantages you can get while working with us are:

- More than 30,000 products for material handling needs
- Flexibility in Manufacturing in order to cater small and large requirements
- Wide Polyurethane Range: 30° Shore A to 75 °Shore D
- Quality Compliances
- Organised and Dedicated Sales Team and Operations Team
- Fast Deliveries
- Technical Support

We look forward to work with your esteemed organisation.
