▶ ADDITIVE MANUFACTURING EXPO

Additive manufacturing has transformed the way in which products are designed, developed, manufactured and distributed. India is adopting this technology in most industry sectors. Additive manufacturing has already occupied space in auto and aerospace sectors. It is catching up fast in other sunrise sectors as well. Indian automotive industry by using additive manufacturing for product innovation and high-volume direct manufacturing can establish its global footprint.

▶ IMTEX AND MANUFACTURING SECTOR

IMTEX provides a platform for manufacturing sector to showcase their technological capabilities. It acts as an enabler in fast tracking the latest technologies and trends into the country as companies are provided with a suitable platform to witness and feel contemporary machines live from top Indian and global companies which enable them to take the right decisions.

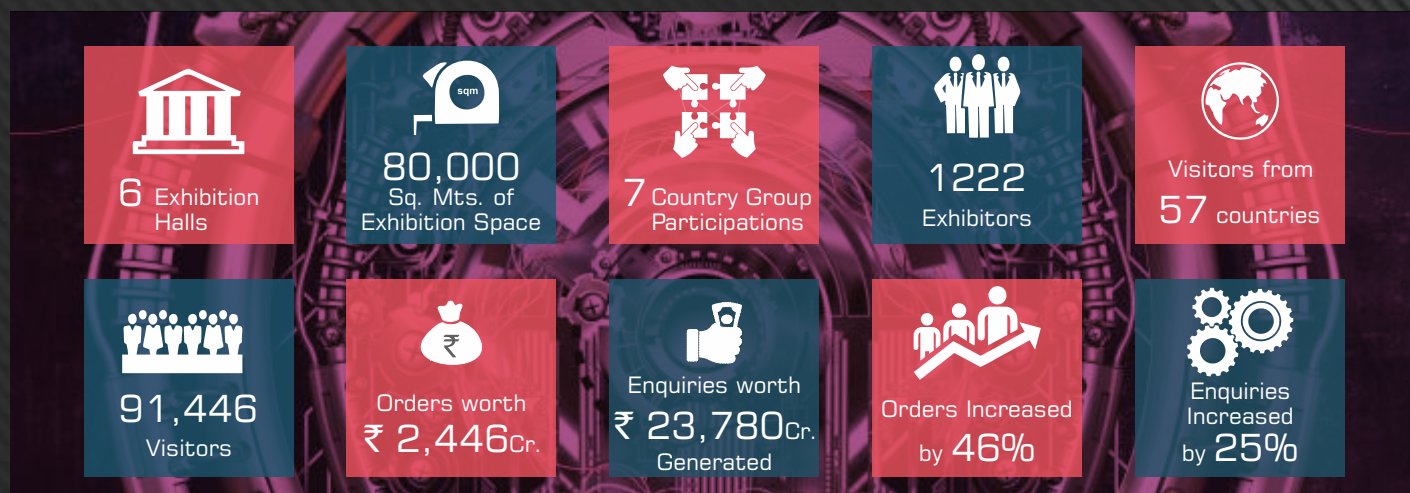

▶ HISTORY OF IMTEX – A 50 YEARS LEGACY

IMTEX has a legacy of 50 years and the show has successfully transformed India's manufacturing industry in the last 5 decades. This has made IMTEX as a show to reckon among leading international machine tool shows.

▶ DIGITAL TECHNOLOGY LIVE AT IMTEX

Be among the leading global digital technology developers in Additive Manufacturing and connect with the large group of technocrats from wide spectrum of manufacturing industries.
