ABOUT INDUSTRY 4.0

The advent of Industry 4.0 has led to the birth of smart machines optimizing human interventions. Indian manufacturing sector which aspires to position India as a self-reliant and healthy manufacturing hub in the world can get an uplift with Industry 4.0.

IMTEX AND MANUFACTURING SECTOR

IMTEX provides a platform for manufacturing sector to showcase their technological capabilities. It acts as an enabler in fast tracking the latest technologies and trends into the country as companies are provided with a suitable platform to witness and feel contemporary machines live from top Indian and global companies which enable them to take the right decisions.

HISTORY OF IMTEX – A 50 YEARS LEGACY

IMTEX has a legacy of 50 years and the show has successfully transformed India's manufacturing industry in the last 5 decades. This has made IMTEX as a show to reckon among leading international machine tool shows

Be a part of the manufacturing revolution in India

DIGITAL TECHNOLOGY LIVE AT IMTEX

Be among the leading global digital technology developers in Industry 4.0 and connect with the large group of technocrats from wide spectrum of manufacturing industries.
